### About the College

Smt Radhabai Sarada, a multi-faculty, grant-in-aid institution, offering UG, PG and PhD programmes, affiliated to Sant Gadge Baba Amravati University, Amravati was started by Shri Sarada Education Society with a vision to make higher education available to the underprivileged sections of society in the vicinity of Anjangaon Surji. It has three major streams- Arts, Commerce & Science with a distance mode centre of YCMO University, Nasik and HSC (Voc.). The competent, efficient, dedicated and well qualified staff with the highest academic degree, a far-sighted visionary management and good infrastructure have contributed to making it an excellent centre of higher education. Keeping in mind the contemporary global and national context, the college strives continuously to make success a way of life not only in academics but also in extra-curricular activities. It has always been the prime focus of the college to provide students the best possible ambience for learning and personality development. Since its inception, the college has been instrumental in catering to a variety of educational interests and aspirations of the people of the area. Today, the college is recognised as one of the well-known centres of higher education in this rural area of Amravati district in Maharashtra.

The Department of Physical Education was established with the inception of the college in 1966. It is a single faculty department. The department consistently participates in various Zonal, Inter-University, National Sports Competitions and Sports Meets. It has won more than a hundred Colour-Coats in various sports events, while one student has won silver medal in 'Khelo India Khelo'.

### Concept of e-Conference

The COVID-19 Pandemic has created the atmosphere of anxiety and horror among the citizens. The threat has affected the mental and physical health of the people. It has also brought psychological disorder, depression, stress and strain in the society. At such a crucial time, the Department of Physical Education plays a vital role in boosting the physical and mental health of the people.

With this intention, the Department of Physical Education organises a One Day International e-Conference on *Maintaining Physical and Mental Health during COVID-19 Pandemic*. We hope the conference will provide a highly beneficial platform for elaborate deliberations regarding the issues of the physical and mental fitness during this bleak period.
