COVID-19 Lockdown: A Challenge or an Opportunity

About the Webinar :

The influence of developments in physical and psychologically related outlook upon humankind in this Corona-filled atmosphere the world over, is difficult to assess in detail, though it can hardly be overestimated. The proliferation of messages, articles, write-ups in the last 2 months would probably astonish most of us because of our own preoccupations with all that the people have speculated and written about.

The challenges confronting the world due to this unprecedented Coronavirus Pandemic have brought to the fore inadequacies of global dimensions but all the same provided opportunities- golden ones to explore desire and creativity behind a facade of ordinariness groom decisive and irrevocable consequences for future possibilities of development. The orators invited for deliberation herein are going to enlighten us on the challenges as well as opportunities made available in this safe house arrest of each one of us.

About the College :

Year 1916 may be regarded as the Golden Year in the History of Anjangaon Surji when a Visionary named Krishnabai Sarada donated 200 acres of land for higher education. Smt Radhabai Sarada College was established in 1966 with UG courses in the beginning but now it has 3 Research Centres with 35 scholars awarded PhD. Its greatest objective is to provide enriching range of curricular and co-curricular activities which nurture diverse talents and give pupils experience and confidence for the future and imparts need based quality education to nearly 2500 students every year.
