Concept of e-Conference

The COVID-19 pandemic has brought complete disorder, havoc and revolutionary changes in the socio-economic scenario in the whole world. Naturally, it has badly affected the socio-economic life in India too. The people are in a panic, perplexed and shattered by the threat to their life and this chaos is visible in the whole socio-economic cycle in India. There is an utter collapse in the sectors from agriculture to aviation and from food industry to supply chains and transportations which has resulted in the unemployment of millions of people and recession all over the world.

Taking into consideration this grave situation, we, the teaching community must take initiative to find new ways and remedies to cope with this socio-economic havoc. With this intention, our college is organising a One Day National e-Conference on ***Impact of COVID-19 Pandemic on Indian Socio-Economy: Remedies*** so that the academicians, intellectuals and scholars will interact elaborately on the disorder, chaos and confusion created by the pandemic in the economic sectors in India, and find new fresh ways and remedies to bring back the Indian economy on its wheels.
