REPORT 2023-2024

Training Programme on “Medicinal Plant Sapling Preparation”

Organized by: Department of Botany in collaboration with Social Forest Department,
Anjangaon Surji Range

Date: 21st March 2024

Introduction

On the occasion of **International Day of Forests (21st March 2024)**, the Department of Botany, in collaboration with the Social Forest Department (Anjangaon Surji Range), organized a one-day training programme on “Medicinal Plant Sapling Preparation.” The program aimed to educate and train students on the techniques and importance of propagating medicinal plants and to promote awareness about forest conservation.

Programme Overview

The training programme commenced at 10:00 AM with an inaugural session, followed by practical demonstrations and hands-on training.

Highlights of the Programme:

1. Inauguration and Welcome:

- The program was inaugurated by the Incharge Principal, **Dr. Beena Rathi**, who emphasized the importance of sustainable forestry and the role of students in conserving biodiversity.
- A warm welcome was extended to the participants and dignitaries by the Head of the Department (Botany), **Dr. Mangesh Dagawal**.

2. Introduction to the Training:

- **Dr. Mangesh Dagawal** introduced the objectives of the programme, highlighting the significance of medicinal plants in traditional and modern medicine.
- He also provided an overview of the training modules and their relevance to the curriculum and real-world applications.

3. Expert Session by Resource Person:

- **Ms. Satyafula P. Solanke**, Ranger Forest Officer (RFO), delivered an insightful session on the techniques and processes involved in preparing saplings of medicinal plants.

- She shared practical knowledge and personal experiences, emphasizing the role of medicinal plants in ecological balance and community health.

4. Hands-on Training:

- Students were provided with practical training on sapling preparation under the guidance of Ms. Solanke and Dr Mangesh Dagawal of the Botany Department.
- Topics covered included seed selection, potting techniques, soil preparation, and nurturing saplings.

5. Interactive Session:

- A question-and-answer session allowed students to interact with the resource person and clarify their doubts.

6. Conclusion and Vote of Thanks:

- The program concluded with a vote of thanks delivered by **Dr. Mangesh Dagawal**, expressing gratitude to the resource person, participants, and organizing team for their contributions to the event's success.

Outcomes

- Students gained hands-on experience in preparing medicinal plant saplings.
- Awareness about the ecological and medicinal importance of plants was enhanced among participants.
- The event fostered collaboration between the Department of Botany and the Social Forest Department, paving the way for future initiatives.

Participants: 120 B.Sc. Botany Students
